## User Interface & Experience Designer

### OVERVIEW

I am a passionate designer with a strong knowledge and spent 7.8 years practicing the user-centered design process with emphasis on rapid prototyping. A fast learner and a team player. I have experience in Agile and Scrum methodology with multidisciplinary teams and over seeing creative product direction, design and concepts, development and product launch for web and mobile applications.

### PROFESSIONAL SUMMARY

- Professional experience as a User Experience Designer in various domains like Retail, Healthcare, Travel, KPIs and Biometrics
- Experience in designing Wireframes and Mockups for various web and mobile applications
- Ability to work with clients to understand detailed requirements and user experiences that meet client needs and vision
- In-depth knowledge of Software Development Life-Cycle phases such as Requirement Analysis, Design, Development, Implementation, Deployment and Maintenance
- Experience in creating Personas, User Scenarios, UX Specs, Wireframes, Taxonomies, Mockups, Prototypes, Visual Design, Design Patterns, Layout Creation and Adding User Experiences for wide range of devices and interfaces
